## AMERICAN HERO QUILT SEW DAYS

Presented by [Harbor Quilts](http://www.harborquilt.com)

Sewers and non sewers can join together to make American Hero Quilts. Heirloom quality quilts are presented to wounded service members as they return stateside from Iraq and Afghanistan.

Please check out the website [www.americanheroquilts.com](http://www.americanheroquilts.com) and see remarks sent in by recipients of the quilts and "How You Can Help".

Sew Days will be held at:

Harbor Quilt inc. 7716 Pioneer Way Ste. D, Gig Harbor, WA  
253-858-5414. [www.harborquilt.com](http://www.harborquilt.com)

*Sew Days will be the 3<sup>rd</sup> Sunday of the month from 12:30 to 4:30.*

LOG CABIN is the block and directions are listed below. You can bring your sewing machine and your own rotary cutter and come to the sew day. If you would prefer not to bring your machine come to the sew day and there will be other jobs like pressing and hand stitching of bindings that can be done. If you can't come to spend the day and wish to donate blocks or a quilt top please be sure that the fabric selection meets the criteria for the quilts. Please be careful with your fabric selection, it is important to use fabric that will not cause further infections. PLEASE DO NOT use fabric with sparkles, glitter, flannel or corduroy. Please stitch all seams down. The folded corners that are open and add to the character of our quilts can also catch IV's.

Suggested quilt sizes are 55" X 65" to 69" X 90." For the most part our wounded warriors prefer the larger size quilt so they can wrap up in them.

These quilts are metaphoric HUGS presented to Heroes. Please be sure to use good quality 100% cotton that has been washed and the quilt can be treasured for years to come.

Please use red, white, blue and patriotic fabrics.
